ABOUT ME

A Software Engineering graduate with a strong technical aptitude and a genuine passion for software development and problem-solving. I am eager to apply my technical knowledge and practical experience in a professional environment while continuing to develop my skills. Committed to delivering high-quality work, I am a fast learner who values continuous improvement, collaboration, and professional growth.

EDUCATION

- **BSc (Hons) in Information Technology Specializing in Software Engineering**
  Sri Lanka Institute of Information Technology (**SLIIT**) **2022 - 2026**

- **G.C.E. A/Level (Physical Science Stream)** **2021**
  Sri Dharmaloka College, Kelaniya
  Information Technology – B Combined Mathematics – S Physics – S

EXPERIENCE

- **Algowrite Pvt Ltd** | Director | full time **2024 Jan – Present**

- **commercial bank of Ceylon PLC** - internship | full time **2022 Nov – 2023 March**

SKILLS

- **Programming Languages:** Java, Python, C, C++, Kotlin, PHP(Laravel)
- **Web Development:** React Js, Node js, Express js, JavaScript, HTML, CSS
- **Database:** MySQL, MongoDB
- **Frameworks:** Bootstrap CSS, Tailwind CSS
- **Familiar software's/IDE's:** Git/GitHub, Trello, Figma, creatie.ai, Visual Studio, Postman, Android studio, Workbench, Hoppscotch, PyCharm, Dev C++, Eclipse

PROJECTS

- **Photography-Portfolio for Malcolm Lismore Photography** **Jan 2024**
  [https://github.com/DKLakshman/D01-Photography-portfolio/tree/development]
  Photography Portfolio Web Application is a dynamic platform designed to empower photographers to showcase their work in a professional and customizable manner. We have developed a robust solution that offers photographers the flexibility and functionality they need to effectively display their portfolios online.
  Technologies: PHP, HTML, CSS, Bootstrap, and MySQL.

- **SLIIT SEDS Club Website** **July 2024 – Aug 2024**
  Host link : [https://sliit-seds.github.io/SEDS-Website/]
  [https://github.com/DKLakshman/SEDS-Website]

I developed the entire SLIIT SEDS Club website, an interactive platform designed to highlight the club's activities, events, divisions, and initiatives. The website serves as a comprehensive resource for students interested in space exploration, promoting community engagement and providing valuable information on projects, events, and opportunities within the club.
Technologies: JS, Html, CSS, Bootstrap(framework), Sanity.

- **Repair Geek Computer shop website** **July 2024 – Aug 2024**
  Host link : [https://repairgeek.lk/]
  I developed the entire website for Repair Geek, a computer repair shop, creating an interactive platform that showcases their services, expertise, and customer support. The website serves as a comprehensive resource for individuals seeking reliable computer repair solutions, featuring detailed information on services, pricing, and troubleshooting guides. It enhances customer engagement, streamlines service inquiries, and ensures a seamless user experience for those in need of technical assistance.
  Technologies: JS(custom library), Html, CSS, Bootstrap(framework), PHP(laraval).

- **Textile and Garment Management System for PTI (pvt) Ltd** **April 2024**
  [https://github.com/SLIIT-Group-projects/SLIIT-Y2S2-ITPproject-TextileSystem.git]
  The system is a comprehensive solution designed to streamline the entire production process. It integrates modules for inventory management, production scheduling, quality control and order processing. This system ensures efficient tracking of raw materials, optimized production workflows, and timely delivery of finished garments.I developed the Inventory Management module, which efficiently tracks raw materials and finished products, ensuring optimal stock levels and minimizing production delays.
  Technologies : React.js, mongoose, MongoDB, Express, node.js, Boostrap

- **Online Vehicle Rental System** **April 2023**
  [https://github.com/SLIIT-Group-projects/SLIIT-Y1S2-IWTproject.git]
  Web based application. I developed Vehicle management system backend and frontend sections and Common UI's in frontend.
  Technologies: Java, JS, Html, CSS, Bootstrap(framework), MySQL workbench

CERTIFICATIONS

- **Introduction to JavaScript -** Sololearn
- **Python for Beginners –** University of Moratuwa

EXTRA CURRICULAR ACTIVITIES

Sri Lanka Institute of Information Technology

- Webmaster | Executive Board Member, SLIIT SEDS Club (2024 - Present)
- Member of the Leo Club (2024 - Present)

Dharmaloka College - Kelaniya

- Vice secretary of IT Society (2020 - 2021)
- Member of the Science Society (2019 - 2021)
